CONTRIBUTIONS AND CHARGES

SUBJECT CONTRIBUTIONS AND COMPULSORY CHARGES

Welcome to parents/caregivers of students at Harrisdale Senior High School. This handbook, aims to provide you with clear information relating to your contributions and charges (school fees) for the 2026 school year. Harrisdale Senior High School directs its efforts towards keeping costs as low and as equitable as possible while maintaining our high standard of educational programs. The level for financial support requested of parents/caregivers for the education of your child, has been determined by the principal with the approval of our school board in accordance with legislation and authorities which include the School Education Act 1999 (WA) and Department of Education polices.

WHY IT IS IMPORTANT TO PAY CONTRIBUTIONS AND COMPULSORY CHARGES

The State Government through the Department of Education provides placement at educational facilities for all students who choose to attend Government schools. The Department also pays salaries of all teaching and non-teaching staff, plus costs such as repairs, maintenance and utilities. The Government does not provide for some of the goods and services which students use and it is reasonable to request parents/caregivers meet these costs. Each student is charged only for resources specific to each of their subjects which extends the schools capacity to add value to students' learning experiences, therefore each student's contributions and charges will vary according to their choice of subjects. Financial support provided by our parents/caregivers has always formed an important part of our schools annual financial planning. For example, parents/caregiver contributions and charges allow Harrisdale SHS to provide class sets of text books instead of students having to provide their own, materials for art and crafts, design and technology or equipment for physical education or science activities.

CONTRIBUTIONS AND CHARGES

WHO SHOULD PAY?

Given that all students benefit from the collection contributions and charges, it is fair to expect that all parents/caregivers should pay the full total balance. Parents/caregivers of students who choose more expensive option subjects, need to consider the costs during the subject selection process. All would agree that it is unfair for those parents/caregivers who meet their financial commitments to be seen to subsidise the education of those students whose parents/caregivers do not pay their contributions and charges.

HOW MUCH CAN BE REQUESTED OR CHARGED?

For years 7, 8, 9 and 10 the maximum contributions Harrisdale Senior High School can request is fixed at $235; however, additional charges above that figure can be requested for consumables and additional resources. Depending on the elective subjects your child has selected, most subjects attract a compulsory charge. For Years 11 and 12 there are no maximum charges set by the State Government, these are determined by the school. **Charges are costs for which payment is compulsory.** The school can request a 50% confirmation payment for these years.

For a full breakdown of subjects and the costs associated please read the corresponding Curriculum Handbooks located on our website here: https://harrisdaleshs.wa.edu.au/teach-for-impact/curriculum-handbooks/

TAFE CHARGES

Harrisdale Senior High School students may enrol in North/South Metropolitan Tafe to study certificates courses dependent upon their chosen pathway. The charges for these certificates are payable in advance to Harrisdale Senior High School. These charges are non-refundable should your child not complete the course or simply change their mind.

PAYMENT OF CONTRIBUTIONS AND COMPULSORY CHARGES

We recommend you start making plans now so that you are in a position to pay your contributions and charges. Accounts for all years, should be settled before commencement of the new school year, or as soon as possible during Term 1, using one of the methods outlined in this booklet. Accounts are provided in Term 4 of the school year prior, to allow sufficient time for parents to pay before Term 1 Week 5 of the following year.

COLLECTING CONTRIBUTIONS AND CHARGES

The school will actively seek full payment of contributions and charges from parents/caregivers of all students at Harrisdale Senior High School. The School Board supports the school taking a proactive approach to the collection of contributions and charges and in support of this process, has endorsed the following actions:

Regular statements and unpaid billing item reminders will be sent home to parents. Parents who refuse to communicate with the school and have made no effort to pay will be sent reminder letters by the Manager Corporate Services. Where high-cost subjects are being studied, timetable changes of students to low-cost subjects that meet the WACE requirements may be made. Telephone calls and SMS messages made to the Fees Biller.

Parents/caregivers do need to be aware that charges are compulsory and can be referred to an external collection source if no effort is made to make payment prior to the school year ending.

A COMPASSIONATE VIEW

Whilst full payment of contributions and charges should be made prior to the start of the 2026 school year, or as soon as possible in Term 1. We acknowledge that for some families, the payment of contributions and charges can be challenging.

To help overcome the problem of paying contributions and charges in advance, payment plans can be tailored to suit families in these financial circumstances. Please email the Finance Team to set up a payment plan.

P & C Contributions The P&C (Parents and Citizens) Association seeks your support each year by appealing to parents for a contribution of $20.00 per student. The allowance consists of two components:

- $115 Clothing Allowance paid directly to the parent/guardian or the school.

Applications can be made at the school by a parent or guardian of student/s enrolled in Years 7– 12 studying a full-time secondary course at a Western Australian public school.
