How to order through Campion

Years 7 - 10
2027

Order online at	Your school code	Order by
www.campion.com.au	**WT4R** Select your year group	**Fri 11 Dec 2026** Later orders may incur a fee or delayed delivery

1 General stationery — choose one option

Every student needs these basics. Pick whichever option suits you: you don't need both.

Option A — the full pack

Tick item 1, the Secondary Stationery Pack, and you're done. This gives you all the items listed in Option B **$69.00** instead of $80.95 retail, so you save $11.95.

Option B — individual items

Already have some of these items at home? Skip the pack and only order the items you need from the list (items 2–25).

2 Personal items — add what you need

These items sit outside the stationery pack and are ordered separately. The scientific calculator is required for Mathematics and Science, so order one if your child doesn't already have it. Everything else here is optional, and an equivalent bought elsewhere is fine.

3 Subjects — order by what your child studies

a. Core subjects — order for all six

Every Year 7-10 student studies these subjects, so work through each of these headings, choosing what you need

- Mathematics
- English
- Humanities& SocialSciences
- Science
- Health Education
- Physical Education

b. Elective Subjects — order only your listed subjects

Check your Contributions and Charges list attached to your booklist and order only for the subjects listed there.

- Cricket
- Dance
- Digital Art
- Digital Technology
- Drama
- Film & Media
- Food Technology
- French
- Japanese
- Metalwork
- Music
- Netball
- Visual Art
- Woodwork

Please note: Some stationery items appear in more than one place, however you only need to buy them once.

Before you submit

- ☐ Quantities checked against the booklist
- ☐ Electives match the Contributions and Charges form
- ☐ Music and GAT Maths resources are bought through the school in 2027 (you will be contacted by your child's teacher)
- ☐ No items have been ordered twice across the three sections
- ☐ Delivery details and contact number correct
- ☐ USB flash drives can't be returned once opened
